The Art Gallery
At the Cesar Chavez Student Center

Communications/ Marketing Internship Application

ABOUT US

The Art Gallery is a non-profit arts and event space on the top floor of the Cesar Chavez Student Center. Our student-funded and student-staffed gallery is dedicated to student, faculty and professional work and advocate works of merit by all artists bringing the visual and interdisciplinary arts to SFSU's diverse student body. Exhibitions feature at any stage in their career. The gallery programs eight to ten exhibits and pop-up shows per year and hosts weekly events and monthly receptions during the Fall and Spring semesters. Three to four exhibits usually rotate per semester, and two to three occur during the summer.

The Gallery operates in alignment with the Richard Oakes Multicultural Center to provide students with opportunities, resources, arts-related events, and a range of insightful and visually captivating artworks that reflect and actively engage with the community. The Art Gallery further strives to foster cross-cultural exchange with artists and audiences and produces some of San Francisco's most socially relevant and visually compelling exhibits. Each show is dedicated to providing insight and information about aesthetic movements, contemporary issues, and/or social justice through interactive, multi-media and other visual modes.
